

MKS Instruments Announces Live Webcast of Upcoming Investor and Analyst Day

June 5, 2018

ANDOVER, Mass., June 05, 2018 (GLOBE NEWSWIRE) -- MKS Instruments, Inc. (Nasdaq:MKSI), a global provider of technologies that enable advanced processes and improve productivity, announced today that it will webcast live its Investor and Analyst Day, taking place in New York City on Tuesday, June 19, 2018 from 10:00 a.m. until 12:30 p.m. Eastern Time.

MKS Instruments' program will include updates on the company's key strategic initiatives, a closer look at the company's broad portfolio of market leading products, technology inflection points underway that benefit MKS, growth initiatives in advanced markets, including lasers, semi power solutions innovation, and improvements to the financial model.

The company's agenda includes presentations from key members of the management team as well as a special guest speaker from Samsung/SEMES:

Gerald G. Colella, Chief Executive Officer
Seth H. Bagshaw, Senior Vice President, Chief Financial Officer and Treasurer
John T.C. Lee, President and Chief Operating Officer
Paul M. Eyerman, Vice President and General Manager, Power Solutions
Dave Allen, Senior Vice President and General Manager, Lasers

The presentations will be webcast live and will be available on the Investor Relations section of the company's website at www.mksinst.com.

About MKS Instruments

MKS Instruments, Inc. is a global provider of instruments, subsystems and process control solutions that measure, control, power, monitor, and analyze critical parameters of advanced manufacturing processes to improve process performance and productivity. Our products are derived from our core competencies in pressure measurement and control, flow measurement and control, gas and vapor delivery, gas composition analysis, residual gas analysis, leak detection, control technology, ozone generation and delivery, RF & DC power, reactive gas generation, vacuum technology, lasers, photonics, sub-micron positioning, vibration isolation, and optics. Our primary served markets include semiconductor capital equipment, general industrial, life sciences, and research. Additional information can be found at www.mksinst.com.
